

Science – What is Inheritance?

w/c 27 April

My Mum

I have inherited tanned skin from my mum.

I have inherited the same nose shape from my mum.

I have the same eye colour as my mum.

I have a different hair colour to my mum.

I have inherited the same shaped face as my mum.

I have inherited a gap in my teeth from my mum.

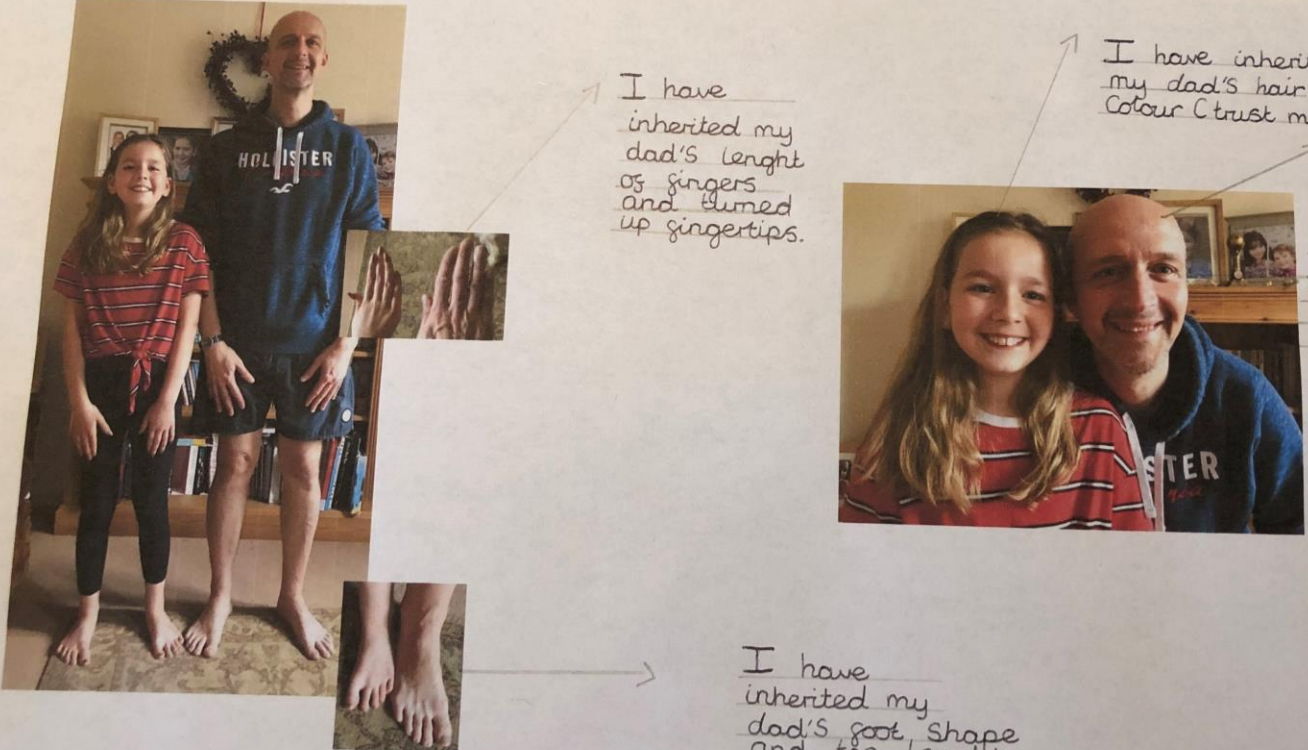

I have different shaped feet to my mum.

Science – What is Inheritance?

My Dad

I have inherited my dad's length of fingers and turned up fingertips.

I have inherited my dad's hair colour (trust me)

I have a different face shape to my dad.

I have a different eye colour to my dad.

I have inherited my dad's foot shape and toe length.
