

A vibrant red and blue macaw is perched on a tree branch in a lush rainforest. The bird has a bright red head and neck, a white patch on its forehead, and a black beak. Its wings and tail are a mix of red, yellow, and blue. The background is filled with dense green foliage and a large tree trunk.

# The Rainforest

By Mollie Markham

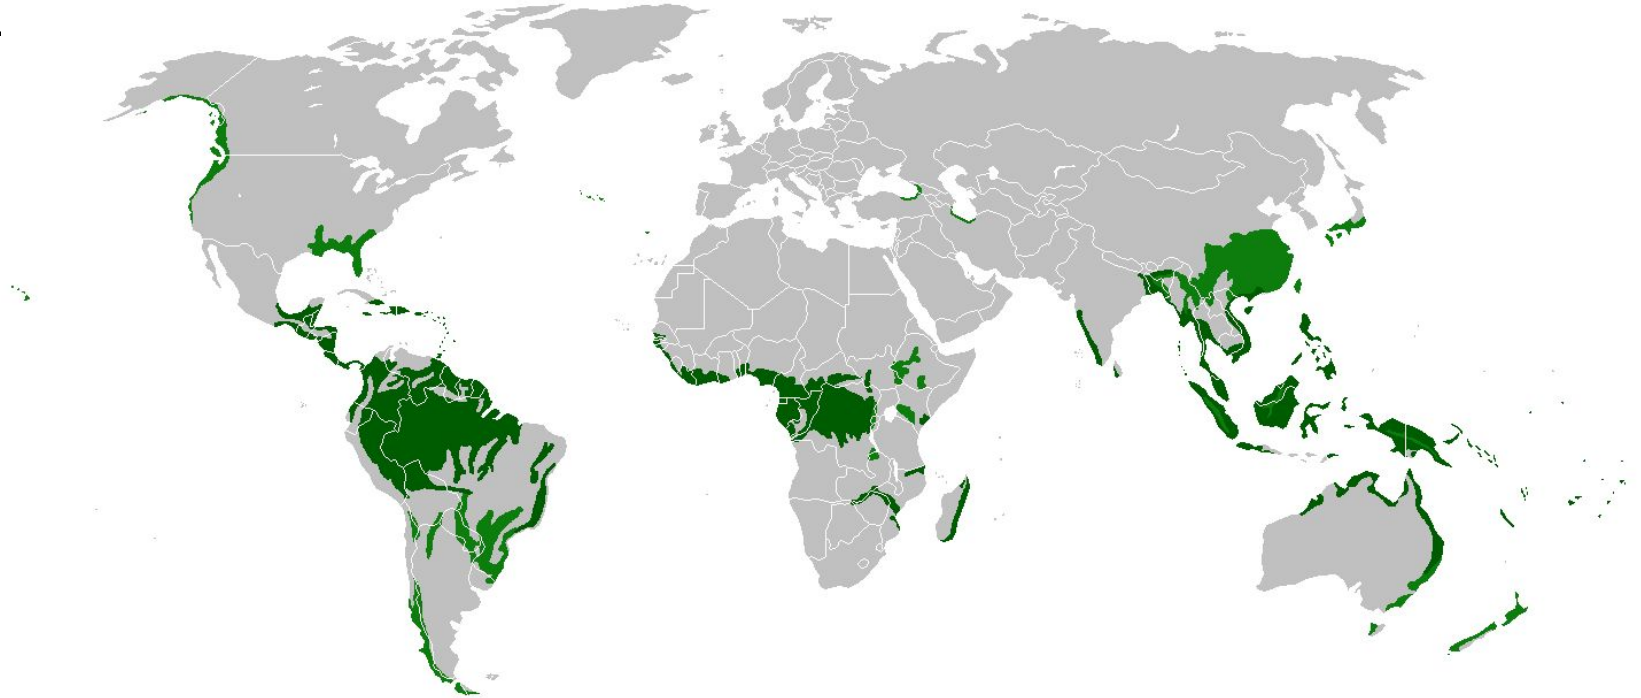

# What is a Rainforest?

A Rainforest is a forest that has very heavy rainfall, the rainforest needs lots of rain, to give all its plants a drink. There are about 40,000 types of plants.

# Where is the Rainforest?

There are loads of Rainforests in the world here are some highlighted on the world map.
