

Topic – Design and make a board games based on ancient Greeks

w/c 27 April

Georgia decided to do a board game based on the ancient Olympic Games and she called it “Greekanopoly.”

Players take it in turns to move around the board answering multi choice questions all about the Olympics (ancient and modern).

The players move forward whichever number of spaces corresponds to their answer (ie. answer A= 1 space, B= 2 spaces and C= 3 spaces) until there is a winner.

GREEKANPOLY MULTI-CHOICE Q&A's

When did the first Olympics take place?
 Which God did the Olympic Games originally honour?
 What was Zeus the God of?
