

## English

This term Year 1 and 2 will be exploring instruction and information texts. We will also be looking at 'The Enormous Turnip' and creating our own version.

## Maths

This term Year 2 will be revisiting 2D and 3D shapes and beginning to look at fractions.

Year 1 will be moving to addition and subtraction within 50 and also beginning work on fractions.

## Religious Education

### What is it like to follow God?

We will be exploring the way in which Christians worship God and discussing relevant stories from the bible.

## Art and Design

This term Year 1 and 2 will be examining the parts of a plant and practising their sketching skills through drawing an image of a plant.

## *Green Fingers*

## PSHE

### Keeping myself safe

In this unit, Year 1 and 2 will be talking about the ways in which they can keep themselves safe in and out of the home.

## Computing

We will be exploring a keyboard of a laptop and what different keys do.

## Science, Geography and History

Our topic this term will be largely focused around science- we will be exploring the life cycle of a plant.

At the end of last term we thought of lots of questions we would like to answer such as: how are seeds made? Why do leaves change colour? Why do flowers need petals?

We hope to have lots of answers for these at the end of the term!
