

Forces and Magnets

Busy Badgers Summer 1 Term 5 2021-22

At Naseby, we believe that the main homework for all school children is reading. Reading has been proven to be extremely important in developing children's language acquisition and vocabulary, spelling ability, and overall learning confidence and enjoyment. Children should read for at least a few minutes every evening, and this should be recorded in the back of their reading journals. Reading journals will be checked at least once a week on a Friday.

Along with reading I have created this optional homework chart. I understand that time spent with family, friends, and at outside clubs is extremely important. However, those who do manage to complete a piece of homework will be given a raffle ticket for the class raffle which will be drawn at the end of term. Prizes to be confirmed nearer the time.

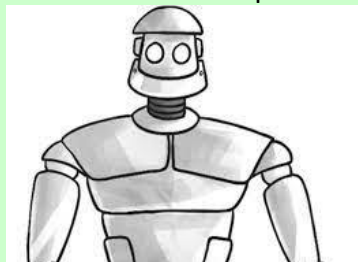

Cook up a treat

In maths this term we will be focussing on decimals including those used in measures such as weight and money. Why not cook a treat for your friends and family making sure you carefully weigh out and document the ingredients that you use? You could also try selling your creations to people you know making sure that you give them the correct change!

Menu with a difference

The Iron Man loves to eat metal. Create a fantastical menu to keep him happy.

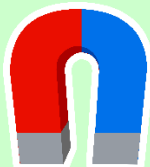

Super Scientists

This term we will be learning about Sir Isaac Newton. However, there are lots of other famous scientists whom you could research yourselves at home. Will you choose to research someone else from history or investigate a more recent modern-day scientist? Will they be from the field of physics, chemistry, or biology? Who inspires you? Create a fact file about them and share it with the class.

Marvellous Magnets

How many magnetic items materials can you identify around your own home? Is there anything that surprises you? Take photos of your experiments.

Ready, Set, Gooooo!

Design and build your own racing car. This can be from any materials that you have to hand. What will be your team's name? How can you ensure that the car is aerodynamic?

Mythical Creature

Near the end of 'The Iron Man' we are introduced to a powerful mythical beast. Create your own mythical creature and create a detailed character profile for it. Include its name, age, more description about its appearance, where it lives, what it eats and anything else that you think we should know about.
