

**Class 2 Learning Objectives and Activity Suggestions**

**Week beginning 4<sup>th</sup> May 2020**

**Maths – Time/Recap**

Year 2

Recap any work on time that the children need more practise on. Practise getting them to read the time and displaying a specified time to you on a clock. Do not rush this!

Recap the 2, 3, 5, and 10 times tables.

Year 3 LO:

- Find durations of time and compare them. Challenge other members of your household to complete task and compare the times. This will also include measuring time in seconds.
- Find start and end times using hands on a clock to help if needed. E.g. The programme lasted 45 minutes. It ended at 'x' time what time did it start? The train left the station at 3:30pm and travelled for 50 minutes. What time did it arrive? Etc.

**Literacy**

1. Write an instruction page detailing how to be a super Roman soldier.
2. Write a newspaper article warning the people of Britain about the Roman invasion.
3. Watch this space! I have received lots of positive feedback about the Class writing challenge so I may well set another.

**New Topic: The Romans**

Find out:

- When did the Romans first invade Britain?
- Who was Julius Caesar? Who were the other Caesars who came after him?
- How did the Romans live?
- What was the Roman army like?

Draw:

- A picture of Julius Caesar.
- A picture of a Roman soldier.

Other activities:

- Dress up as/create your own Roman soldier outfit.
- Create a map showing the Roman invasion/ Roman empire as it used to be.

Please remember that these are only suggestions. Do as much or as little as you are able to.

Mrs Newlyn-Jones

**RE –** What are the deeper meanings of festivals?

Explore why festivals are important to all religions. Are there similarities in the messages that they convey? Compare two similar festival from different religions.
