Odd Socks Day - to start off 'Anti Bullying Week.'

TOP NEWS

A successful 'Anti-bullying week' started off by 'Odd sock day!'

Naseby went 'Strictly Glam' to take part in 'Children in Need' day.

This term's Collective Worship theme; 'Community'

This week we have celebrated and sang

HAPPY BIRTHDAY!

To, Erin &
Alex R

from everyone at
Naseby C of E

Head's Update

We started 'Anti-bullying' week with 'Odd socks day' on Monday. Wearing odd socks helped us to understand the concept of 'everyone different, everyone equal'. Throughout this week, each class have been exploring a range of activities to learn about friendship, consequences, moral dilemmas & bullying. We look forward to sharing the class PPT's with you.

As the week has gone it has been wonderful to see some bright & colourful displays of the children's work start to go up for this term's topic such as Egypt and The Wizard of Oz in Class 3 & The Dinosaur's Diary in Class 2.

We have been disappointed to hear about a small number of Covid cases this week. As a result, clubs have been postponed and we will not be having visitors during the day to keep the risk of transference as low as possible. I would like to say 'Thank you' to parents who continue monitor and test children, both with & without symptoms. This has helped greatly to prevent any further transmission. We continue to monitor the situation on a daily basis and will keep you informed if any further changes or restrictions become necessary, should thresholds be met.

On a lighter note, towards the end of this week we are joining the nation in raising funds for Children in Need by 'bringing some strictly glam' to Naseby C of E! Children who want to perform a dance will be able to do so in a Children in Need Strictly style competition with myself hosting and the teachers as judges! We will inform you of the amount we raise for Children in Need, in next weeks' newsletter.

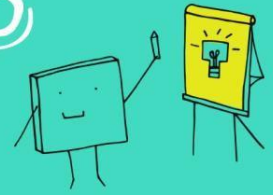

Have a super weekend!

Mrs. Cook.

CLASS NEWS

Weekly Update

Fantastic Fox Cubs

In Maths we have been subtracting 2 digit numbers exchanging tens. In Literacy we have been writing diary entries about the children's day and a shared write about Remembrance Day, In Art we have been designing war medals for brave soldiers.

Busy Badgers

This week we have been continuing on with our RE topic in which we have been exploring the idea of 'Life as a Journey'. The children researched 'rites of passage' celebrations in different religions and presented their findings to the class. We discovered that most religions have some sort of naming ceremony, wedding ceremony, and funeral, but that they have slightly different customs. In Maths, the children have been discovering what happens when you multiply or divide a number by 10 and/or 100. Children sat on chairs with whiteboards to visually show how the numbers move forwards or backwards in place value but that the digits stay the same.

Wise Wolves

This week in Class 3, we have continued our novel study for The Wizard of Oz. We have looked at new vocabulary in depth. We found the definitions and then looked at antonyms and synonyms. We created a new class display for the book and have read up to chapter 5. In art, we created some ancient Egyptian-inspired paintings. In science, we dissected a heart and looked at the different parts carefully. We then had a go at drawing a diagram of the heart and labelling it accurately. The Maths in Motion race season got underway with a bang. Scott managed to secure victory at Monaco with an impressive race time of 0:51:38.39. Albert finished in second place and Matthew completed the podium places. The next race will be held at Silverstone.
